

BOMPairsB08 1/4 Layout Mariner of Time

BOMPairs B08 Mariner of Time

Time to finish this BOM up.

This is your Placement guide.

It is a guide for the 22" x 26" block.

Paper piecing might be easier, maybe not.

Be sure to add 1/4" seam allowance to each piece.

Sew 2 sets as desired from 1-8 in the correct order for ease.

then 2 with your fabrics switched to allow for the rotation

of a top and bottom section.

Pin the 4 sections together at pieces 3 and 8 and verify your fabric placement is correct and to your liking.

Look at the sample to check for size placement similarities.

Use the template C for the Center.

Check placement of C template before cutting fabric and make any adjustments needed. Be sure to add 1/4" seam allowance after checking the template .

Treat center using any Theme you have chosen for an accent if you like.

If you prefer to do this after it is sewn together that is an option too.

Sew sections together then Applique the (C) center.

Stitch onto the 22" x 26" block using your preferred method.

Press to finish.

The Last step is to Build your quilt.

The directions follow.

Thanks for this opportunity. So many blocks.

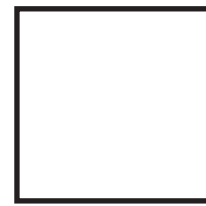

I hope you had fun exploring them.

I sure did.

Have a good year!

Take care,

Mary Ellen Semat
